#### **About the Students**

“As a Pre-K teacher, I have the incredible opportunity to watch my students undergo an amazing transformation. The social and academic growth in preschool is unlike any other grade. Everything is new and exciting and I share in the excitement every year! I love learning through play and watching concepts click in my students’ minds. Preschool is an amazing time to be a kid and I love joining my class on their journey to Kindergarten!”

#### **On St. Thomas of Villanova**

“I love teaching at St. Thomas because we provide a learning community where students thrive socially, progress academically and grow spiritually while building a strong moral character. The school community feels like a family and we celebrate the success and achievements of students and teachers alike.”

***“I believe the best kind of learning is done through play!”***

***My teaching style is a mix of play-based learning and strong academic content. In my classroom, you will see a print-rich environment with plenty of hands-on learning opportunities which support academic success while growing our faith in Jesus Christ.”***
