

Dollar Shopping Power (DSP) Requirements for 2018-19 School Year

DSP Requirements for School Families

All K thru 8th Grade Families must meet a \$100 requirement in EARNED PROFITS from DSP Gift Card Purchases beginning April 2, 2018 until April 1, 2019. Families that do not utilize the Presto Pay method on the Shop with Scrip Online system will have a \$120 requirement in EARNED PROFITS. After the requirement is met - any Earned Profits over the requirement will be split 50/50 between STV School and the Family. The “over the requirement” Earned Profit amount can be applied to your \$340 per Student Fundraising Requirement for 2018-2019, the \$100 Registration Fee and/or the Book & Material Fees for the 2019-2020 School Year.

Preschool Families do not have a required amount to meet in DSP Gift Card Purchases; however, Preschool Families that do purchase DSP Gift Cards will split their Earned Profits 50/50 with STV School and can use their earned profits towards their overall \$100 per preschooler Fundraising Requirement and/or the \$100 Registration Fee for the 2019-2020 School Year.

Check your Earned Profits on your ShopWithScrip account - click on Dashboard and Order History. If you want to check your Earned Profits including transfers, please contact the DSP Coordinator.

If you have any questions regarding DSP, you can always contact a DSP coordinator by sending an email to STVDSPShopping@gmail.com.
