About the Faculty and Students

"Our faculty is progressive, balancing traditional teachings with cutting edge technology and curriculum. We are able to provide one-on-one technology with a state of the art science lab, library system, and classroom resources.

We have bright and inquisitive students who challenge us to meet their high expectations and demand excellence in providing a Blue Ribbon education. Our students graduate with a solid and proven faith foundation, a rigorous and dynamic academic base, and a plethora of social experiences that prepare them well for high school."

"I am learning as much as I am leading as principal. I am honored to be the academic and spiritual leader at St. Thomas of Villanova School. I am blessed with a fantastic faculty, a brilliant School Board and FSA, encouraging parents, inquisitive students and supportive Friends of St. Thomas of Villanova School. I cannot be more excited to excel in this role as Principal!"
