

# JANE LIQUIN

Grade 5 • K-3 Music

## About Me:

Hello, I'm Jane Liquin. I have a BFA in Theater and English Literature from Drake University, and earned my Professional Educator License from Dominican University. I have endorsements in Language Arts and Drama. I started teaching at STV in 2012.

## Religion:

I am grateful to teach in a school where I can freely share my faith, share stories of how God has shaped me, and offer opportunities for the students to develop an active faith life. I greatly enjoy sharing my love of singing, especially singing songs of our faith and leading the students in singing at the weekly school Masses.

## Special Units & Projects:

- All 5th grade students create an evangelization video using iMovie.
- Global Read Aloud: Every year our 5th grade class joins thousands of other students from around the world in reading and analyzing the same book. We share our predictions, connections and inferences as we read the story aloud together. This year's selection is A Rover's Story by Jasmine Warga
- We always enjoy our tessellation project in math, and using a protractor and a compass to create our own Liturgical Calendars.
- The school musical and talent show are 2 of my favorite passion projects! I love sharing my expertise in performing arts with our students.

## Field Trips:

- In 5th Grade we will visit Springfield, IL and the following year switch to visit Chicago, IL
- We visit our local Fire Station in the Spring

## About St. Thomas of Villanova School:

I am so lucky to have landed in Palatine, where I have been a Parishioner of St. Thomas of Villanova since 1988. Through an awesome set of circumstances (God working in my life!) I was offered a teaching job here in 2012. This parish and school have enriched my life and truly are my home away from home.
